Section B – Project Reviews

#1 – Project Title:	Woodbridge Nazarene Sign Modification (SUP2018-00022)
Representative:	Pastor Athan W. Burch, Woodbridge First Church of the Nazarene, 14001 Smoketown Road, Woodbridge, VA 22192 703-727-3634 aburch@woodbridgenaz.com

PROJECT DESCRIPTION:

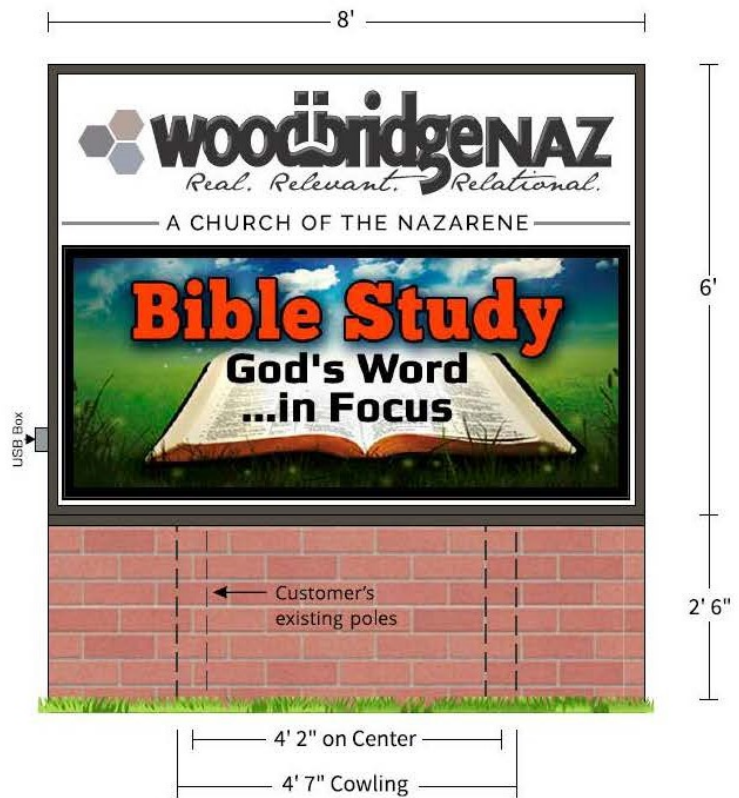

This is a Special Use Permit request to replace an existing freestanding business sign with a ±48-square-foot electronic changeable copy sign, and associated sign modifications.

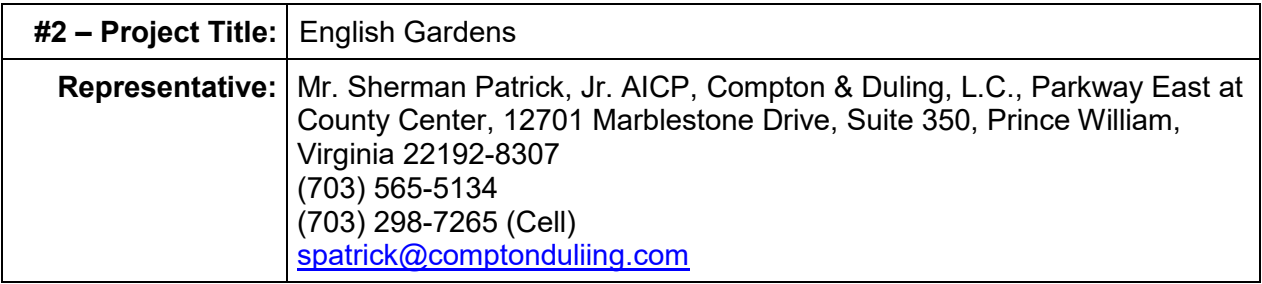

SUP Request: Changeable Copy Sign	Required / Allowed	Provided / Proposed with SUP Request
Freestanding Business Sign	1 freestanding business sign	1 freestanding business sign, with an electronic changeable copy display
Ratio of changeable copy area to sign face	50% of sign face area	±66% of sign face area
Height	15 feet max	10 feet max 8.6 feet proposed
Setback	10 feet, or one foot for each foot in height, whichever is greater	±6 feet setback minimum

This project was heard by the Planning Commission on June 20, 2018 and recommended approval for the following reasons:

- The proposed SUP will have minimal impact to the surrounding area.
- The proposed sign meets the criteria for approval of a sign modification as stipulated within the Zoning Ordinance.

NOTES:

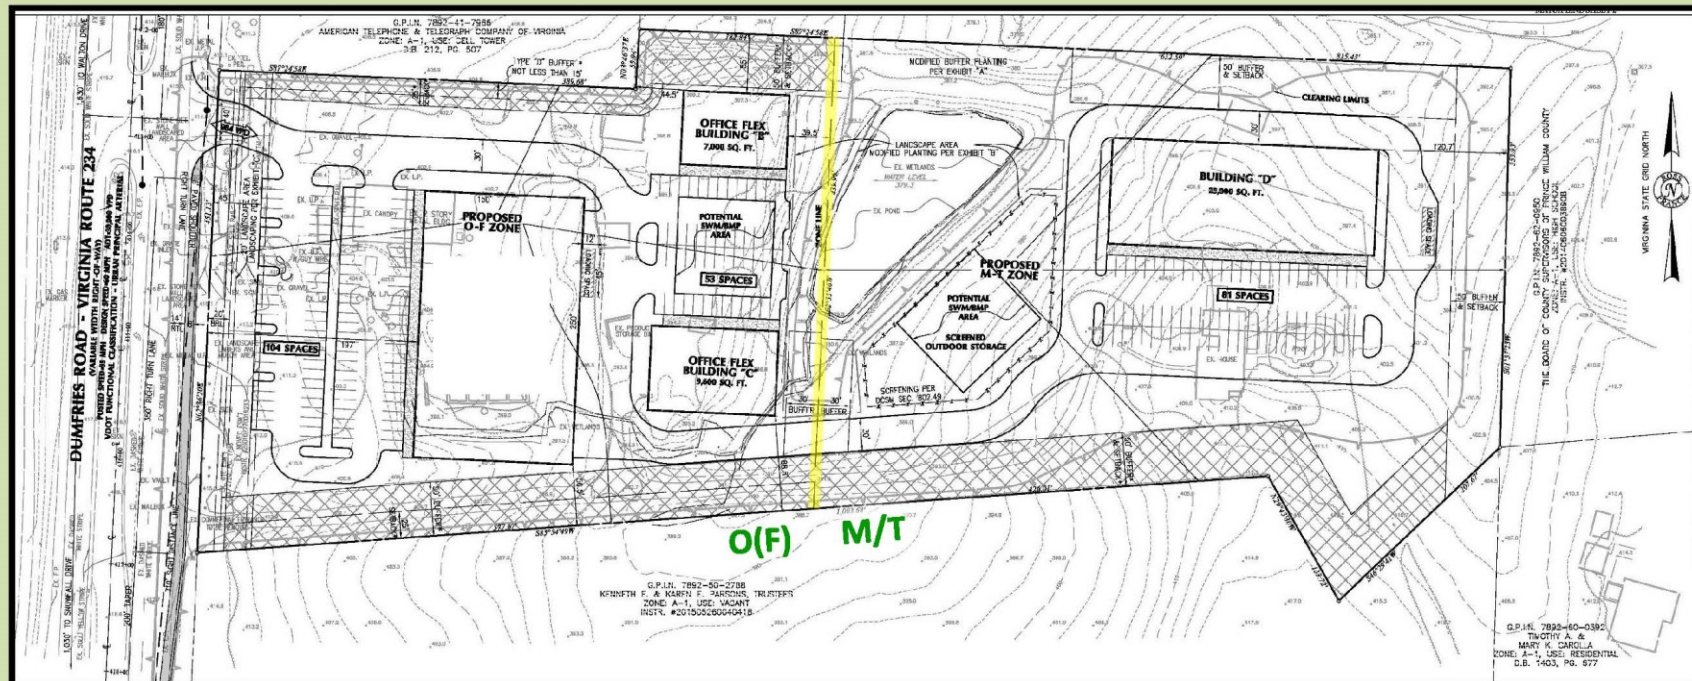

This is a request to rezone ±11.9 acres from A-1, Agricultural, to O(F), Office/Flex, and M/T, Industrial/Transportation.

The site is designated FEC, Flexible Employment Center, and ER, Environmental Resources, in the Comprehensive Plan. The Compatibility Matrix on the following page shows that M/T zoning is not compatible with the FEC designation. This will be a point of discussion.

This checklist is used as a gauge to determine if the development being reviewed contains those features and design elements that embody community expectations of green building & LEED design, energy independence, "livability," "quality-of-life," historic preservation (including enhancement, tourism, and education), schools, parks, open space, trails, transportation connectivity, and functionally-oriented design concepts. It is not intended to be all-inclusive, but rather highlight those aspects of a development that, over the years, have come to signify the expectations of the community.
